Perpetuating the Privilege: Short Term Stay on OTC Derivatives in Bankruptcy and Resolution

Ehnts, Dirk (Bard College, Liberal Arts University Berlin)

Liquidity, insolvency and the state

van't Klooster, Jens (Gonville & Caius College, Cambridge University)

Does the state have a duty to issue money?

Notes:

- Please circulate any papers or draft chapters before our workshop so participants have a chance to read up. If you do not feel comfortable circulating draft work, please circulate a brief summary or power points.
- We have grouped the papers around themes.
- Every panelist has 15 minutes to present the core themes (there is no time to present an entire paper, chapter, much less a book).
- This will give us about 30 minutes for discussion.
